## Description of FUN&LEARN

Established in 1989, FUN&LEARN - a registered association, has successfully incorporated recreation and education under the theme '**Have Fun While Learning**'. It enables individuals to develop useful ways of spending their free time by engaging in fun activities such as learning languages while developing their creative or communication skills.

To achieve its aims FUN&LEARN organises the following activities:

### 1) Organisation of **summer camps for children**

Since 1990 FUN&LEARN organises and conducts summer camps for kids aged between 8 and 14. These include:

- **English learning camps**
- **Computer skill development camps**
- **Creativity camps**
- **Learning through games camps (Junior camp)**

In the last 20 years FUN&LEARN has had the pleasure of hosting more than 1.500 children and counselors from more than 10 different European countries.

Currently, FUN&LEARN conducts 2 „English learning camps“ every summer in Neustift (Stubaital, Austria). Each camp caters for about 60 kids and 6 teachers/tutors/minders.

### 2) Organisation of **workshops for adults**

Since 1995 FUN&LEARN organises and conducts specific workshops for adults. These workshops deal with the development of

#### a) **Social Skill** and human development **workshops**

- **Personal and interpersonal skills**
- **Communication** (moderation, art of persuasion)

- **Creativity** (e.g. how to find new ideas for old problems) and
- **Teambuilding and team training**
