- Founded in 1973, Lawton School specialises in language training and business studies. Teaching staff are highly qualified native or bilingual speakers.
- Lawton School promotes vocational training through language competences and on-line learning.
- At present there are three centres in Gijón and one in San Martin del Rey Aurelio.
- Clients include a wide range of companies, professional associations, trade unions and official bodies. Participants in our courses range from management to technical or secretarial staff.
